The Republicans of Sonoma opened the campaign last Saturday night by the firing of anvils, a display of fireworks and a grand ratification meeting at the Pavilion. Speeches were made by R. M. Swain and A. G. Burnett of Santa Rosa and Senator J. S. Enos of this city. The meeting was largely attended and great enthusiasm prevailed.

Don't go back on your town; don't be disloyal to the place where you live. If you don't like the town, move out of it, there is no string to you. But while you do live here do what you can to get ready for the boom. Give it a lift. Pull altogether. Talk the town up. Build it up. Patronize our own merchants and business men. Encourage home industry.

The "day we celebrate" was duly observed in this place by the closing of all places of business, the usual display of bunting, firing of anvils, a pic-nic and a grand ball in the evening at Union Hall. It was a red letter day for the small boy, and blistered fingers from exploding fire-crackers, which on any other occasion would have caused a howl of pain from the patriotic juveniles, in the exuberance of their joy were scarcely noticed on that day.

THE CITY TRUSTEES.

They Discuss the Organization of a Fire Department—Other Matters. The Board of Trustees of this city met in regular session on Thursday evening last. Only three of the five members were present, to-wit: Chas. McHarvey, President, and Trustees Wegner and Poppe.

After the minutes of the last meeting had been read and approved, City Clerk Breitenbach handed in his report for the fiscal year ending June 30, 1888, showing the receipts and disbursements of the preceding year. The report was read and referred to the Finance Committee, with instructions to investigate the correctness of the Clerk's statement as to the commencement of the fiscal year.

Trustee Wegner then called the attention of the Board to the necessity of the city purchasing some kind of apparatus for extinguishing fires and stated further that L. F. Liss would be willing to take the matter in hand.

Trustee Poppe stated that the Board might encourage anybody who would be willing to organize a fire company and instruct the men, but that the Board should buy the necessary buckets, hose, ladders, etc., and control the property.

Trustee McHarvey said a fire company might be organized now, but that there was no funds on hand to purchase apparatus and would not be until the years' taxes were paid in.

A communication was then read from James S. Naismith of San Francisco. He proposed to sell to the city a horse cart, three hundred feet of hose, couplings, etc., for \$1,000. No action.

Further discussion of the subject was then deferred until next Thursday, on which day a special meeting was voted to more fully discuss the matter.

A letter from Henry Clews & Co., the New York bankers, was then read. The firm agreed to dispose of any bonds free of charge which this city might issue to raise money for needed improvements. On motion the communication was referred to the Mayor of El Verano.

It was moved and carried that the trees in the Plaza be watered at least once a week during the summer.

The following bills were allowed and ordered paid:

Mrs. J. A. Poppe, supplies, \$2.50; A. Fouts, labor, \$8.50; H. H. Granite, printing, \$3.90; Wm. Parish, labor, \$24.00; J. Linehan, labor, \$9.50; G. W. Sparks, salary, \$16.50; M. A. Carter, sprinkling, \$5.00; Total \$69.90.

The Board then adjourned.

EL VERANO.

The Auction Sale of Lots a Grand Success.

About five or six hundred people attended the auction sale of lots at El Verano last Saturday. The amount realized from the sale of lots, some \$30,000, more than reached the most sanguine expectations of the promoters of the new town. The lots brought fair prices, business corners on the streets facing the depot bringing from \$400 to \$550. Inside lots 50x140 were sold for from \$80 to \$350. The people of this city were among the most spirited buyers, and they invested some \$7,000 in lots and acre property. A most sumptuous collation was served in the fine depot building by the Sonoma Valley Improvement Company and those who attended the sale had no cause to complain, as the company did everything to make it pleasant for everybody on the grounds.

An Energetic Hen.

Frank Weiler of Agua Caliente is the owner of a little Bantam hen that has raised two broods of chicks since the 7th of last March. This week she left her last brood of seven chicks, which are only two weeks old, and commenced laying for a third brood.

Aburdly Stupid.

To allow prejudice or ignorance to get the better of good judgment. It has been conclusively proven that constipation, bad breath, dyspepsia, kidney affections, and all diseases of the liver, stomach and bowels have been cured by simply taking Simmons Liver Regulator. It is harmless, not unpleasant and easily procured, so there is no reason to be ignorant of this remedy we especially commend to your notice for trial.

Mrs. Fannie McG. Martin, Superintendent of Schools for Sonoma county, has secured parlors at the Palace Hotel as the headquarters for her county during the session of the National Teachers Convention in that city.

There is so much freedom and independence in the life of a pioneer, that one need not be surprised that men—and women, too—are ready to brave the dangers and discomforts attendant on the mode of life. The one serious drawback is in the fact that in times of sickness and accident, to which all are exposed, it is impossible to secure the services of a regular physician. For all cases of febrile or bilious derangement there is nothing superior to Freese's Hamburg Tea.

THE DONAHUE ESTATE.

To Be Distributed at an Early Day. The heirs of the late Peter Donahue, the millionaire, James M. Donahue, Mrs. Mary E. von Schroeder and Mrs. Annie Donahue, have petitioned the Probate Court of San Francisco for a final distribution of the estate in accordance with the agreement entered into on November 17th, last year. By that agreement they stipulated to pay all the debts of the deceased, provide for all the annuities and bequests and divide the remainder into thirds, each taking a third as in full for all demands against the estate. They state that all the debts have now been paid, that the annuities are provided for by setting apart the income of the building at the corner of Montgomery and Sacramento streets, and that the San Rafael Catholic Orphan Asylum and the Catholic Orphan Asylum of S. F. can now receive the gas stock bequeathed to them. There being no reason why the estate should not now be distributed, they ask for action by the Court. As all of the heirs are represented in the petition the estate will no doubt be divided at an early day.

The Native Daughters.

Capt. Drummond has returned from England and taken up a temporary residence at Stockton, where he has engaged a private cottage for his family, near the asylum. Mrs. Drummond is reported to be improving and it is thought will be completely restored to her right mind in a short time.

A Sound Legal Opinion.

E. Bainbridge Munday Esq., County Atty., Clay Co., Tex., says: "Have used Electric Bitters with most happy results. My brother also was very low with Malaria Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life." Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: "He positively believes he would have died, had it not been for Electric Bitters. This great remedy will ward off, as well as cure all Malaria Diseases, and for all Kidney, Liver and Stomach Disorders stands unequaled. Price 50c. and \$1 at E. Wegner's."

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems at first only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. THE AGUA CALIENTE GRANT.

Hayes vs. Steiger—The Supreme Court Decides in Favor of the Latter. For several years there has been contentions and lawsuits innumerable between claimants of land supposed to be inside the boundaries of the Agua Caliente grant and parties who have pre-empted and adjoining the grant. One of these suits, that of Mary T. Hayes vs. Edward Steiger, was tried before the Register and Receiver of the Land Office several years ago, and the decision was in favor of the defendant. From that decision an appeal was taken to the Commissioner of the General Land Office, and he reversed the decision of the Register and Receiver, and entered one in favor of the plaintiffs. An appeal was then taken to the Secretary of the Interior, and that officer reversed the decision of the Commissioner and affirmed that of the Register and Receiver. Subsequently a United States patent was regularly issued to the defendant. The plaintiffs then appealed to the Supreme Court and that tribunal in a lengthy decision delivered on Friday of last week affirms the judgment of the Secretary of the Interior.

Glen Ellen Gossip.

The weather is warm, 100° in the shade.

J. H. Drummond has returned from his European trip.

Policeman Scott and family of San Francisco are camping in the Park.

A number of Glen Ellen capitalists attended the auction sale of town lots in El Verano last Saturday.

We learn that G. W. Thomas, an old pioneer of this place, is seriously ill at his home north of town.

Roadmaster McGill is building a substantial bridge below town on the Chauvet road.

The Dunbar school closed last Saturday instead of a week ago, as stated in our notes of last week.

Campers and country boarders are numerous in Glen Ellen, and we learn that lots more are coming.

L. Breitenbach, A. G. Burnett and other Republican "war horses" of Santa Rosa passed through town last Saturday en route to Sonoma to attend the ratification meeting at that place. OLD TIMER.

Petaluma Pickings.

Courier.

Frank Silvia, a Portuguese farmer living in this township, had three of his team horses take sick and die suddenly last week. They all sickened about the same time and were all dead within twenty-four hours. The owner thinks they were poisoned.

At a meeting of the Sonoma and Marin District Agricultural Association held here last Saturday for the purpose of considering the question of incorporation, it was unanimously resolved to incorporate. The present Directors of the Association were authorized to take the necessary steps toward incorporation.

An interesting feature of the Fourth was the dispatching of a carrier pigeon. This bird was sent out from Ohio sometime ago by Mr. J. Simpson, brother of John Simpson of this city. We understand there is a wager of \$50 on its safe arrival in Ohio in a stated time.

The Petaluma Cannery is putting up from 36,000 to 40,000 cans of fruit per day. It is a perfect beehive of life, but everything is done in order and there is no confusion. Wagon loads of women and children come in from the country every morning to aid in the work, and all make fair wages. The daily expense amounts to about \$5,000.

Suicide.

Monroe Farmer, who resides in a cabin on San Varner's, near Guerneville, committed suicide Thursday by shooting himself through the temple with a revolver. He had returned from Mr. Varner's residence, where he had been taking lunch, and it is supposed shot himself while lying on his couch, as the body seemed to indicate by its position when found. Those best informed as to the life and habits of the deceased think he committed the act while suffering from delirium. The deceased was a veteran of the Mexican War and aged about 75 years. He was buried at Guerneville Friday.—Democrat.

The appointment of W. F. Wines as Deputy County Clerk has been confirmed by J. F. Mulgrew, County Clerk. Mr. Wines was endorsed for the position by Wm. McPherson Hill of Glen Ellen.

Two Ways. Choose Which.

There are two usual ways of getting what Nature sometimes does incompletely, namely, to relieve the bowels. One is to swallow a drastic purgative which evacuates the bowels, and with pain, the effect of which is not violent, but sufficiently thorough, and which does not gripe the intestines. If the first is selected the person employing it need not expect permanent benefit, and he cannot hope to escape the debilitating reason which leaves the organs as bad or worse off than before. If, on the other hand, he resorts to the Bitters, he can only rely upon the restoration of a regular habit of body, consequent upon a renewal of a healthy tone in the intestinal canal. Besides healthfully relaxing the bowels, the Bitters arouses the dormant liver, imparts a beneficial impetus to the action of the kidneys, and counteracts the early twinges of rheumatism, a tendency to gout, and malaria in all its forms.

M. S. G. W.

Their Picnic and Ball on the Fourth a Success. The picnic given by the members of Sonoma Parlor, No. 111, N. S. G. W. at Pioneer Grove on the Fourth, was largely attended. It is estimated that between 800 and 1000 persons were present and participated in the pleasures of the day. The members of the Parlor, with commendable pluck, engaged the Sonoma Brass Band at a cost of \$100 to furnish music on the grounds, and for the ball in the evening an additional \$35 was expended for Girard's String Band of San Francisco. The exercises at the picnic grounds were very interesting and heartily enjoyed by those present. The literary part of the programme was as follows: Introductory remarks, Hon. Robt. Howe, President of the Day; song, "Star Spangled Banner," Mrs. J. M. Patton; reading Declaration of Independence, Fred. T. Duhning; recitation, Misses Murphy and Sankey; poem, Sam Booth; oration, Hon. J. S. Enos. The latter was listened to with marked attention. The Senator was at his best and the oration was one of the most brilliant and scholarly ever delivered in this county.

After the literary exercises there was foot-racing, a match game of base-ball, dancing and other amusements, which were kept up till five o'clock in the afternoon, and by sundown the grove was deserted by the merry throng, and the sighing trees and twittering birds in their leafy homes were left in silent solitude.

A notable feature of the picnic was the absence of intoxicating liquors on the grounds. The ball in the evening at Union Hall, which wound up the day's festivities, was attended by fifty or sixty couple and was a financial success.

County Gullings.

Fourteen marriage licenses were issued by the County Clerk last month.

Healdsburg has voted by a large majority to bond the town for the establishment of a High School.

There seems to be fatality in the accidents which befall three of Jas. H. Laughlin's beasts of burden last week, remarks the Santa Rosa "Democrat." One of his horses ran away and was frightfully wounded in the abdomen by a splinter from the wagon. The day following this mishap one of his valuable colts in jumping a high fence dislocated a shoulder, and later on, one of his mules, true to that dominant trait of mulish character, refused to move with sufficient alacrity from the path of a frolicsome bull and was fearfully lacerated about the shoulders by the horns of the bovine.

Eugene Fisher, bartender at Appleby's resort on the Sonoma road, says the Santa Rosa "Republican," was married on Wednesday of last week to Mollie Samuels, daughter of James Samuels. It is charged that the bride is under eighteen years of age, and the groom will probably be prosecuted for falsely swearing that she had attained her majority.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the Throat and Lungs than any other. It is probable that everyone without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and in shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose your life. As soon as you feel that something is wrong with your Throat, Lungs or Nostrils, obtain a bottle of Boschee's German Syrup. It will give you immediate relief.

The Union Hotel is first class in every respect.

MAGNIFICENT GERMAN TROOPS.

The Best Blood of the Country in the German Cavalry.

The uniforms enhance the appearance of the German troops. There is not an ill-fitting uniform or one of unattractive color in the whole army. But make from this advantage they are magnificent bodies of men. In the ranks there is, in one sense, the best blood of the country—strong, healthy, clean and young men.

Whether the sons of princes or the sons of peasants, they are young men. Most of them are between the ages of 21 and 25. The one distinction is that the son of a prince serves but one year in the ranks. He is able to furnish his outfit complete, is no expense to the government and has only to serve this compulsory term. The son of a peasant, on the other hand, is also to furnish himself. The peasant or working man is not able to bear this expense, and therefore serves three years, the government supplying everything. But neither rank nor wealth can interfere with the young man, for he who is S. S. is physically capable of serving. Two sons of Prince Bismarck have served in the ranks.

The two regiments of cuirassiers were by all odds the most elegant soldiers on the field. The uniforms of white cloth, with silver cuirasses, and silver helmets having on the top the silver eagle, with wings extended. They were mounted on black horses, making the effect the more splendid. Fancy two such regiments marching 100 abreast, men and horses moving by one impulse, and throwing across the field a broad line of light, fairly dazzling in the bright sunshine.

On the other hand, the dash of the Uhlans, with their silver spears and waving banners, rendered them quite conspicuous. There were several regiments of Uhlans, the first regiment mounted on black horses, the others on bay. The little black and white banners, fluttering out from the gleaming spears, distinguished them from all other cavalry, and one could only liken them to the old crusaders.

The uniform of Prince William's regiment, First Hussars, is jaunty and much trimmed. The red jacket is braided with yellow cord. The short coat is fastened at the collar, and hangs loose over the left shoulder, with the brass free from the sleeves. It is of dark blue cloth, braided across the front, and bordered with astrakhan. The breeches are of the same material. The uniform of the other regiments of hussars is also much trimmed. The short coat is fastened at the collar, and hangs loose over the left shoulder, with the brass free from the sleeves. It is of dark blue cloth, braided across the front, and bordered with astrakhan. The breeches are of the same material.

The English mind, Zebner said, could hardly conceive the condition of the Nyan Nyan people. They had no God, no prophet, and no law. One man worshipped a tree, another a buffalo, some the serpent. They had no occupation but hunting and fighting, one with another, and they were cannibals. Cannibalism prevailed among them to such an extent that when he first went down they ate some of his men. Then, when a child and children were killed in the market, cut up and sold as Europeans sold beef and mutton. All prisoners of war were eaten, and all behaved persons; also men who grew too fat to go to for anything else and persons who died of old age.

A young Nyan Nyan, who was in attendance upon the pastor, explained, apropos of this, that it is not the custom to eat your relations. If your mother, for instance, is supposed to be dying you negotiate with some one of the neighboring village to give a certain sum for her body. If she recovers, the bargain falls through; if she dies, the fact is notified immediately to the man who has bought her and she is taken away to be decently eaten at a distance.—Contemporary Review.

The Latest Vegetable Fat. The latest vegetable fat to attract commercial attention is an extract of the myristic acid, a so-called bean, but really a species of nutmeg, which grows wild in Guatemala, where the natives gather it and obtain the oil from it for soap and candles. The "beans" are abundant and grow in bunches on the bushes, and they can be had at the small expense of paying Indians to gather them. A consular representative of Guatemala is of opinion that there is a great future in the use of this vegetable fat, which, he thinks, would be a "good substitute" for lard or butter. Machinery for crushing sesame seed, which is extensively cultivated in Guatemala, is now being sent into that country.—Chicago Times.

Cure of Cancer and Ulcers.

Judge T. C. McLendon writes to the Swift Specific Co.:

"About three years ago, Jerry Bradley had a cancerous sore on his face, near the right eye. It caused him a great deal of pain, and he lost the sight of the eye but was finally cured by the use of Swift's Specific. This case is well known in Wildes Co., Ga., where he lived."

Mr. L. Cox, of Aakabutla, Tate Co., Miss., writes: "I suffered a great deal from old ulcers for years. Your medicine was recommended, and after using six bottles was completely cured. Your medicine does even more than you claim for it. I have known it to cure cases which were thought hopeless."

Mrs. A. M. Goldsmith, No. 674 Warren St., Brooklyn, New York, writes: "I commenced using 'S. S.' about three years ago. I had suffered much with a sore throat for over a year. I used a great many other remedies with no good results. My little girl, also, had sore fingers; it commenced from the quick, and then the nails would come off. We doctored her for over two years, and when I began to use 'S. S.' I thought I would see what it would do for her. I am thankful to say that it entirely cured her. It is the best remedy I know of for the blood. I really believe it was the means of saving my life. The doctor told me I had a throat disease similar to General Grant's. I cheerfully recommend it to all suffering from disordered blood. Treatise on Blood and Skin Diseases mailed free. The Swift Specific Co., Drawer 3, Atlanta, Ga.
